

The Walters Family

www.campusambassadors.com

Dear [PARTNER NAME],

Because of your partnership in the Gospel, **four students have come to faith in Jesus** this year at Western Oregon University! That's the kind of eternal impact you're making through your prayers and giving, and we're so thankful. (And that's just the tip of the iceberg—we'll share more exciting stories in our upcoming newsletter!).

We believe God is moving powerfully in this generation. And with your help, we're committed to being right in the middle of it—sharing the Gospel with non-believers, discipling Christian students, and raising up future leaders. We're excited to see God change the course of our country as more young adults choose to follow Him.

As we continue raising our son Jason, we're also navigating how to give our best both to ministry and to our family life. That's why we're praying for an **additional \$1,200 in monthly support by the end of the summer**—so I can remain fully available to students without sacrificing the ability to provide well for our family.

I'm only sending this letter to you and 30 other ministry partners. If each person increased their giving by just **\$25–\$50/month**, we'd be fully supported for the year ahead. A few of you might even feel led to give an extra **\$100/month or more**, which would make a huge difference.

Would you prayerfully consider increasing your monthly support? This isn't just helping us—it's enabling more students to hear the Gospel, grow in faith, and live as lights for Christ in a dark world. **Your gift helps change students' lives for eternity.**

Thank you so much for your continued prayers and support. Even if you're unable to increase your support at this time, we're thankful for what you're already giving. You're a huge part of every student who comes to know Christ, and we couldn't do this without you!

Blessings,

Justin & Emily

P.S. To increase your monthly support, simply email finance@missionsdoor.org or call the Missions Door office at (303) 308-1818.
